

Frequency by the Harridans

Verse 1

The alarm bells are sounding 'cause something is wrong
Deep in the waters hear it in the whale's song
In the cries of the curlews, in the howling of the wolves
There's a dangerous disturbance as the Planet Earth evolves
But!

Chorus

We are the carrier wave
Of the frequency
Ending patriarchy (X2)

Verse 2

We are the Women who refuse to conform
We're part of the web of life and the Earth we live on
It's in our nature, we are of Woman born
We're taking *back* control and this is our song!

Chorus

We are the carrier wave
Of the frequency
Ending patriarchy (x 2)

Verse 3

We are the Lesbians who have *never* conformed
We love Women, we're proud and we're strong
It's in our nature, we are of Woman born
Lesbians around the world are singing this song:

Chorus

We are the carrier wave
Of the frequency
Ending patriarchy

Chant

We are the carrier wave
Of the frequency
